

Environmental Policy

This environmental policy statement covers all aspects of our Company's operations whether they are directly or indirectly involved with the delivery, installation and servicing of photocopying machines and printers or the distribution of consumable items.

We aim for continuous improvement in our environmental performance. This will be achieved through environmentally friendly offices, working procedures and the supply of products that are of superior quality and value to minimise environmental impact throughout their lifecycle.

Our objectives and commitments to the environment and community are to:

Strictly meet the conditions for current and future environmental legislation and regulations.

Minimise the impact of Reprotect Connect For's activities, products and services on the environment through waste reduction which involves a framework for reclaiming and recovering electronic equipment for recycling.

Encourage our customers to adopt an environmental approach to using the products we have supplied.

Set, monitor and attain all objectives and targets to ensure that we maintain strict control over the environmental with all our products and services.

A handwritten signature in black ink, appearing to read "K. Lock", enclosed within a hand-drawn oval.

Kevin C Lock
Managing Director
